

# Calling Magpie fans

John Pasquarelli - maverick political commentator who keeps his sanity by painting the Australian landscape, is currently working on a series of magpie paintings, the subjects frequenting his backyard - on the bludge for mincemeat! - the works are acrylic on board and all are 10" x 12" fitted in a recycled cedar gap frame (frame not shown) - any mad Magpie fans and those who just love the larrikin bird, who are interested in purchasing one of these works can contact
