Hopfield Country Cottages

Treat yourself to a country escape with country style cottages. Nestled in the foothills of Mount Field you will find the delightful Hopfield Country Cottages. Break the long journey between Strahan to Hobart, or join the 'Slow Travel Movement' and stay to relax a while.

Hopfield Cottages offer guests a perfect base to experience the natural delights of this beautiful area, including the magical Russell Falls in Mt Field National Park, and the Southwest wilderness.

Hopfield Country Cottages (built circa 1890) are two conjoined old weatherboard cottages. They are an accredited self-catering Bed & Breakfast business in the small hamlet of Ellendale in the picturesque Upper Derwent Valley.

They have been operating as a B&B for approximately 20 years, enabling guests to have return visits, new generations of the family to visit, and guests who come to stay on the recommendation of family, friends, or the local greengrocer.

We believe in the importance of making guests feel at home and have a memorable experience of country hospitality, great breakfasts, relaxation, and country life in comfortable surroundings, which lingers long after their holiday in Tasmania.

It is self-catering accommodation and a non-smoking property. Each Cottage is fully self-contained and renovated in a style offering our guests modern conveniences, but retaining the charm of yesteryear. When you
